This book is dedicated to honor my mother and father, Mrs. Eunseel Kim and Dr. Soon-Kwon Kim, who I work hard every day to make proud. They have inspired me to build our company Next Jump, as a vehicle to dramatically impact the world in a positive way. We are proud partners of Room to Read and support their work in giving children the opportunity to do the great things they're meant to do in life.

ROOM TO READ'S MISSION

Room to Read seeks to transform the lives of millions of children in developing countries by focusing on literacy and gender equality in education. Working in collaboration with local communities, partner organizations and governments, we develop literacy skills and a habit of reading among primary school children, and support girls to complete secondary school with the relevant life skills to succeed in school and beyond.

The lumps of clay in the field are bored with where they live. They want to explore the world. Their friend, Miss Wind, advises them to transform into fine pieces of pottery so they can travel to different lands to be sold, but they don't know how to do this. Can you help them?
